OneTouch® is the only Preferred* Diabetes Testing Product with The University of Alabama – Systems.

If you’re not using OneTouch®, you could be spending too much on co-pays for your diabetes supplies. As a preferred brand with The University of Alabama – Systems, OneTouch® can offer you savings that are not available with non-preferred brands.†

OneTouch Verio® Meter
• Color-coded range indicator
• Looks for signs of progress and provides positive reinforcement
• No need to scroll or push buttons

OneTouch Verio®IQ Meter
• Searches for high or low glucose patterns
• Before- and after-meal tagging
• Illuminated test-strip port and screen

OneTouch Verio®Sync System‡
• The first meter to automatically send your results wirelessly to your iPhone® using the OneTouch Reveal® mobile app§
• Easy to use
• Illuminated test-strip port and screen

OneTouch Ultra®2 Meter
• See the effects of food on your blood sugar
• Large screen with backlight

OneTouch UltraMini® Meter
• Small enough to fit in a purse or a pocket
• Stylish and colorful

To order a OneTouch® System at no charge:
Visit www.OneTouch.orderpoints.com and input order code 588CAT100, or call 1-800-376-9518 and provide order code 588CAT100.

*Preferred: For most plans, products that are usually covered at the lowest co-payment or coinsurance.
†Some health plans may have more than one test strip covered at the lowest co-pay.
‡Before testing your blood sugar the first time, you must sync the meter and app.
§iPhone®, iPad®, and iPod touch® are trademarks of Apple Inc., registered in the U.S. and other countries.
The OneTouch Reveal® mobile app is currently compatible with the following operating systems: iOS 4.3, iOS 5.1.1, and iOS 6.1.3.
