Peace of Mind and Real Cash Benefits

GROUP CRITICAL ILLNESS
Includes Cancer

Aflac
We’ve got you under our wing.
You can win the battle against a critical illness, but can you handle the added costs?

A group critical illness plan helps prepare you for the added costs of battling a specific critical illness. The good news is that many people with a critical illness survive these life-threatening battles. Unfortunately, as the recovery process begins, people become aware of the medical bills that have piled up.

Your recovery doesn’t have to be spoiled by medical bills. With this plan, our goal is to help you and your family cope with and recover from the financial stress of surviving a critical illness.

### COVERAGE WORK SHEET

| Employee Benefit: | $__________________ |
| Spouse Benefit:   | $__________________ |
| Child Benefit:    | $__________________ |
|                   | (25 percent of the primary insured amount) |
| Total Weekly Deduction: | $__________________ |

This work sheet is for illustration purposes only. It does not imply coverage.
**BENEFITS**

**FIRST-OCCURRENCE BENEFIT**
After the waiting period, a lump sum benefit is payable upon initial diagnosis of a covered critical illness. Employee benefit amounts available from $5,000 to $50,000. Spouse coverage is also available in benefit amounts up to $25,000. If you are deemed ineligible due to a previous medical condition, you still retain the ability to purchase Spouse coverage.

**ADDITIONAL OCCURRENCE BENEFIT**
If an insured collects full benefits for a critical illness under the plan and later has one of the remaining covered critical illnesses, then we will pay the full benefit amount for each additional illness. Occurrences must be separated by at least six months.

**RE-OCCURRENCE BENEFIT**
If an insured collects full benefits for a covered condition and is later diagnosed with the same condition, we will pay the full benefit again. The two dates of diagnosis must be separated by at least 12 months, or for cancer, 12 months treatment free. Cancer that has spread (metastasized) even though there is a new tumor, will not be considered an additional occurrence unless the Insured has gone treatment free for 12 months.

**CHILD COVERAGE AT NO ADDITIONAL COST**
Each Dependent Child is covered at 25 percent of the primary insured amount at no additional charge.

---

**COVERED CRITICAL ILLNESSES:**
1. CANCER (Internal or Invasive) 100%
2. HEART ATTACK (Myocardial Infarction) 100%
3. STROKE (Apoplexy or Cerebral Vascular Accident) 100%
4. MAJOR ORGAN TRANSPLANT 100%
5. RENAL FAILURE (End-Stage) 100%
6. CARCINOMA IN SITU
   - 100% (if benefit is paid for Carcinoma in Situ, the Internal Cancer benefit will be reduced by 25 percent. If a benefit is paid for Coronary Artery Bypass Surgery, the Heart Attack benefit will be reduced by 25 percent.)
7. CORONARY ARTERY BYPASS SURGERY
   - 25%
8. ALZHEIMER’S
   - 25%
9. PARKISON’S DISEASE
   - 25%

---

**WHAT IS NOT COVERED, LIMITATIONS AND EXCLUSIONS, AND TERMS YOU NEED TO KNOW**

**IF DIAGNOSIS OCCURS AFTER THE AGE OF 70, HALF OF THE BENEFIT IS PAYABLE**
The plan contains a 30-day waiting period. This means that no benefits are payable for any insured who has been diagnosed before your coverage has been in force 30 days from the effective date. If an insured is first diagnosed during the waiting period, benefits for treatment of that critical illness will apply only to loss starting after 12 months from the Effective Date or the Employee can elect to void the coverage and receive a full refund of premium.

**EXCLUSIONS**
Benefits will not be paid for loss due to:
- Intentionally self-inflicted injury or action;
- Suicide or attempted suicide while sane or insane;
- Illegal activities or participation in an illegal occupation;
- War, whether declared or undeclared or military conflicts, participation in an insurrection or riot, civil commotion or state of belligerence;

The applicable benefit amount will be paid if: the date of diagnosis is after the waiting period; the date of diagnosis occurs while the certificate is in force; and the cause of the illness is not excluded by name or specific description.
WHAT IS NOT COVERED, LIMITATIONS AND EXCLUSIONS, AND TERMS YOU NEED TO KNOW

- Substance abuse.

No benefits will be paid for loss which occurred prior to the Effective Date.

No benefits will be paid for diagnosis made or treatment received outside of the United States.

TERMS YOU NEED TO KNOW

The Effective Date of your insurance will be the date shown in your Certificate Schedule.

Employee means the insured as shown in the Certificate Schedule.

Spouse means an Employee's legal wife or husband.

Dependent Children means your natural children, step-children, foster children, legally adopted children or children placed for adoption, who are under age 26.

Your natural Children born after the Effective Date of the Rider will be covered from the moment of live birth. No notice or additional premium is required.

Coverage on Dependent Children will terminate on the child's 26th birthday. However, if any child is incapable of self-sustaining employment due to mental retardation or physical handicap and is dependent on his parent(s) for support, the above age 26 shall not apply. Proof of such incapacity and dependency must be furnished to the Company within 31 days following such 26th birthday.

Treatment means consultation, care, or services provided by a physician, including diagnostic measures and taking prescribed drugs and medicines.

Treatment Free means a period of time without the consultation, care or services provided by a physician including diagnostic measures and taking prescribed drugs and medicines. For the purpose of this definition “treatment” does not include maintenance drug therapy or routine follow-up visits to verify if cancer or carcinoma in situ has returned.

Maintenance Drug Therapy means ongoing hormonal therapy, immunotherapy or chemo-prevention therapy that may be given following the full remission of a cancer due to primary treatment. It is meant to decrease the risk of cancer recurrence rather than the palliative or suppression of a cancer that is still present.

Major Organ Transplant means undergoing surgery as a recipient of a transplant of a human heart, lung, liver, kidney, or pancreas.

Myocardial Infarction (Heart Attack) means the death of a portion of the heart muscle (myocardium) resulting from a blockage of one or more coronary arteries. Heart Attack does not include any other disease or injury involving the cardiovascular system. Cardiac arrest not caused by a Myocardial Infarction is not a Heart Attack. The diagnosis must include all of the following criteria:

1. New and serial electrocardiographic (EKG) findings consistent with Myocardial Infarction; 2. Elevation of cardiac enzymes above generally accepted laboratory levels of normal [in case of creatine phosphokinase (CPK), a CPK-MB measurement must be used]; and 3. Confirmatory imaging studies such as thallium scans, MUGA scans, or stress echocardiograms.

Stroke means apoplexy (due to rupture or acute occlusion of a cerebral artery), or a cerebral vascular accident or incident which is first manifested on or after your Effective Date. Stroke does not include transient ischemic attacks and attacks of vertebrobasilar ischemia. We will pay a benefit for Stroke that produces permanent clinical neurological sequela following an initial diagnosis made after any applicable Waiting Period. We must receive evidence of the permanent neurological damage provided from computed axial tomography (CAT scan) or magnetic resonance imaging (MRI). Stroke does not mean head injury, transient ischemic attack, or chronic cerebrovascular insufficiency.

Cancer (Internal or Invasive) means a malignant tumor characterized by the uncontrolled growth and spread of malignant cells and the invasion of distant tissue. Cancer includes leukemia. Excluded are Cancers that are noninvasive, such as (1) Premalignant tumors

- or polyps; (2) Carcinoma in Situ; (3) Any skin cancers except melanomas; (4) Basal cell carcinoma and squamous cell carcinoma of the skin; and (5) Melanoma that is diagnosed as Clark's Level I or II or Breslow thickness less than .77 mm.

Cancer is also defined as a disease which meets the diagnosis criteria of malignancy established by The American Board of Pathology after a study of the histocytic architecture or pattern of the suspect tumor, tissue, or specimen.

Carcinoma in Situ means Cancer that is in the natural or normal place, confined to the site of origin without having invaded neighboring tissue.

Renal Failure (Kidney Failure) means the end-stage renal failure presenting as chronic, irreversible failure of both of your kidneys to function. The Kidney Failure must necessitate regular renal dialysis, hemodialysis or peritoneal dialysis (at least weekly); or which results in kidney transplantation. Renal failure is covered, provided it is not caused by a traumatic event, including surgical traumas.

Coronary Artery Bypass Surgery means undergoing open heart surgery to correct narrowing or blockage of one or more coronary arteries with bypass grafts, but excluding procedures such as but not limited to balloon angioplasty, laser relief, stents or other nonsurgical procedures.

A doctor, physician, or pathologist does not include an insured or a family member.

Alzheimer's Disease means a definite clinical diagnosis of a progressive degenerative disease of the brain where an Insured has a significant reduction in mental and social functioning as demonstrated by: 1. a loss of intellectual capacity and cognitive impairment 2. impaired memory and sense of judgment, and 3. requiring continuous adult supervision (cannot be left alone) for health and safety, whether medicated or not.

The diagnosis must be made by a certified neurologist or psychiatrist licensed and practicing in the United States.

Parkinson's Disease is a degenerative disorder of the central nervous system. It results from the death of dopamine-containing cells in the substantia nigra, a region of the midbrain. Parkinson's exhibits itself through symptoms, such as a. tremor, which is trembling in hands, arms, legs, jaw, or head; rigidity, which is stiffness of the limbs and trunk; Bradykinesia, which is slowness of movement; postural instability, which is impaired balance.

PORTABLE COVERAGE

When coverage would otherwise terminate because the Employee ends employment with the employer, coverage may be continued. The Employee will continue the coverage that is in force on the date employment ends, including dependent coverage then in effect.

The Employee will be allowed to continue the coverage until the earlier of the date the Employee fails to pay the required premium or the date the group master policy is terminated. Coverage may not be continued if the Employee fails to pay any required premium or the group master policy terminates.

TERMINATION

Coverage will terminate on the earliest of: (1) The date the master policy is terminated; (2) The 31st day after the premium due date if the required premium has not been paid; (3) The date the insured ceases to meet the definition of an Employee as defined in the master policy; or (4) The date the Employee is no longer a member of the class eligible.

Coverage for an insured Spouse or Dependent Child will terminate the earliest of: (1) the date the Plan is terminated; (2) the date the Spouse or Dependent Child ceases to be a dependent; (3) the premium due date following the date we receive your written request to terminate coverage for your Spouse and/or all Dependent Children.
