Aging Pipes and Leaky Roofs Plague College Campuses

Universities struggle to keep up with swelling maintenance bills

By Melissa Korn
June 5, 2017 5:30 a.m. ET

Lurking inside the ivy-covered gothic towers and brutalist concrete blocks on college campuses are moldy ceilings, failing plumbing and antique boilers whose replacement parts are available only on eBay.

Still reeling from state funding cuts and battered endowments in the wake of the financial

Higher Education Seeks Answers to Leaner Years
