Alma Mater

Alabama, listen, mother,
To our vows of love,
To thyself and to each other,
Faithful friends we'll prove.

Chorus
Faithful, loyal, firm and true
Heart bound to heart will beat,
Year by year, the ages through
Until in heaven we meet.

College days are swiftly fleeting,
Soon we'll leave their halls
Never to join another meeting
Neat their hallowed walls.

Chorus
So, farewell, dear Alma Mater
May thy name, we pray,
Be revered ever, pure and stainless
As it is today.
SAFETY TIPS

At The University of Alabama, your safety and well-being are our highest priority.

In the interest of safety, please note all exit signs and identify the exit closest to you. If you or someone you are accompanying requires mobility assistance, please take note of evacuation routes that will best accommodate.

If an evacuation of Coleman Coliseum is necessary, University officials will direct you to exit the premises in a calm and orderly manner. Staff will be located throughout the venue to assist you.

If an emergency requires the assembly to shelter in place, University officials will direct you to the best available refuge areas in the facility. Staff will be available to direct you to these locations.

In the event of an emergency, call UAPD at 205-348-5454 or 911 to request police, fire or ambulance response. Any injury requiring first aid should be reported immediately to venue staff or by calling 205-348-5454 or 911.

Commencement

FRIDAY, AUGUST 10, 2018
AND
SATURDAY, AUGUST 11, 2018
BARTOW ARENA
BIRMINGHAM, ALABAMA
TO OUR GUESTS

Welcome to the Summer 2018 Commencement of The University of Alabama at Birmingham. The pageantry of today's ceremony is the culmination and recognition of years of study, preparation, and achievement of our 72nd class of graduates. We hope you find the ceremony both meaningful and memorable, as it reflects the combined efforts of the faculty, the staff, and, of course, our students and their families.

Commencement begins with the traditional academic procession. The graduates are led into the Bartow Arena by marshals who are faculty members in their respective college and schools. The faculty, headed by a distinguished group of emeriti professors, follow in order of academic rank and seniority. The last group to enter is the platform party led by the UAB Academic Mace (see page 11). For the Friday evening ceremony, the mace is carried by James B. McClintock, Ph.D., Endowed University Professor of Polar and Marine Biology in the Department of Biology in the College of Arts and Sciences, the recipient of the 2018 SCAR Medal for Education and Communication from the Scientific Committee on Antarctic Research, as well as the recipient of the 2018 Dean's Award for Excellence in Mentorship. For the Saturday ceremony, the mace is carried by Heather McPherson, Ph.D., the recipient of the 2018 Caroline P. and Charles W. Ireland Prize for Scholarly Distinction. Dr. McPherson is a professor in the Department of Art and Art History in the UAB College of Arts and Sciences. The Commencement Marshal, Gregg M. Janowski, Ph.D., follows the UAB Academic Mace. Next are Ray L. Watts, M.D., President of The University of Alabama at Birmingham, members of The Board of Trustees of The University of Alabama System, and representatives from The University of Alabama System's Office. Other persons in the platform party include distinguished guests, as well as UAB senior administration and deans.

The audience is asked to stand as the procession enters the arena and to remain standing through the singing of the National Anthem.

President Watts closes the ceremony after all degrees have been awarded and the UAB Alma Mater has been sung. The audience is asked to stand and to remain standing for the recessional of the platform party. Family and friends are asked to meet the new alumni on the concourse or outside of Bartow Arena; they will not be allowed on the arena floor.

Commencement is a festive time for all of our honorees and their guests. Please refrain from loud celebration of your graduate since it detracts from the recognition of the following new alumni. Your cooperation is appreciated.

THE UNIVERSITY OF ALABAMA AT BIRMINGHAM

Since its inception in 1969, the University of Alabama at Birmingham (UAB) has earned international renown for its innovative academic programs, groundbreaking research and scholarship, and leading-edge patient care.

UAB receives more than $400 million annually in research grants and contracts and ranks in the top 10 among all public universities in funding from the National Institutes of Health. UAB has consistently been named to the President's Higher Education Community Service Honor Roll for its local and global outreach efforts.

With 23,000 employees, UAB is the largest single-site employer in the state of Alabama with an annual state economic impact of more than $7.1 billion. Due to its growing and increasingly residential campus in the heart of a vibrant and diverse community, the university offers unparalleled opportunities for teaching, research, scholarship, and service. The campus consists of more than 150 buildings spread over 100 city blocks within walking distance of downtown Birmingham.

UAB offers undergraduates opportunities to participate in closely mentored research through such innovative academic programs as the Undergraduate Neuroscience Program and majors in Public Health and Biomedical Sciences. New bachelor's degrees in Immunology and Genetics and Genomic Sciences began in fall 2017, and new programs in Bioinformatics (undergraduate) and Big Data (master's) have been approved.

The UAB Honors College provides enhanced experiential learning opportunities to more than 1,250 high-ability undergraduates. In the 2019 U.S. News & World Report "Best Graduate Schools" rankings, UAB has 13 programs in the top 25, including a master's in health administration that ranks 2nd in the nation.

UAB is home to the largest hospital in Alabama and one of the largest public hospitals in the U.S., with more than 1 million patient visits annually. UAB also houses the state's only level 1 adult trauma center and the only National Cancer Institute-designated Comprehensive Cancer Center in Alabama and a five-state region. The Comprehensive Transplant Institute, which has performed the second most kidney transplants in the history of medicine, is currently conducting the longest-ever kidney transplant chain at a single site.

UAB continues to attract the best and brightest students from Alabama, the nation, and more than 100 countries around the world. In fall 2017, the university enrolled its largest-ever freshman class, with an average ACT of 25.1 and a GPA of 3.66, along with a record 20,902 students overall.
UAB ALMA MATER

The UAB Alma Mater was composed by Birmingham native David McNeeley in 2003. A competition was held, and a committee comprising UAB faculty, administrators, students, and alumni selected it from numerous submissions. The Alma Mater expresses the unifying sentiments of pride, respect, and cherished memories for the university.

Here in Alabama, a place of rich diversity, stands our Alma-

 Mater. We cherish her integrity. May each loyal son and daughter wear

 proudly the colors green and gold. Praise to thee our U. A. B. Her honor we uphold. Yearning minds of age and youth live and love her noble truth.

Moving ahead with blazing speed towards knowledge to empower, in the heart of Birmingham our U. A. B. stands proud.
THE ACADEMIC COSTUME

The custom of wearing academic caps, gowns, and hoods can be traced to the twelfth century. At that time both men and women wore long, full, flowing robes. This mode of dress gradually changed so that by the end of the seventeenth century only legal and official personages wore gowns. However, certain guilds and universities established the tradition of wearing prescribed apparel. In the universities, the details of the dress distinguished different degrees of learning and the faculty. In the United States, as a result of our English heritage, caps and gowns have been used from colonial times, especially at our older universities such as Columbia (King's College), New York University, University of Pennsylvania, Bryn Mawr, Yale, and others. Around 1885 there was a widespread student movement to wear caps and gowns at commencement. The faculties approved this dignified graduation dress and soon adopted the custom of wearing gowns at academic ceremonies.

In 1895, the Intercollegiate Commission presented American institutions of higher learning the Intercollegiate Code. This code regulated the design of gowns and hoods as well as the colors and materials to be used. The code was subsequently adopted by more than 95 percent of U.S. colleges and universities. It has given America an impressive but simple method of signifying scholastic honors.

The code provides for three types of gowns. The gown for the bachelor's degree is made of green material and has long pointed sleeves. The gown for the master's degree is made with an oblong sleeve open at the wrist. The rear part of this oblong shape is square cut and the front part has an arc cut away. The gown for the doctor's degree has bell-shaped sleeves. It is faced with velvet and has three bars of velvet on each sleeve. The color of the velvet trim may be black or the same color as the velvet which edges the gown.

The green oxford or mortarboard-style cap is worn for all degrees, but only the doctor's cap may be made of velvet and have a gold tassel.

The hood is the most important and distinctive feature of the American code. An understanding of the system makes it possible to distinguish readily bachelor's, master's, and doctor's hoods and to recognize the university which gave the degree. The doctor's hood is four feet in length and made with a wide panel. The master's and bachelor's hoods are three and one-half and three feet in length, respectively. They are made of black cloth and are lined with silk in the official academic colors of the institution which conferred the degree. The hoods worn by graduates of The University of Alabama at Birmingham are lined in green silk with a gold chevron. The trim of all hoods is velvet, two inches, three inches, and five inches wide for bachelor's, master's, and doctor's degrees, respectively. The color of the velvet trim indicates the discipline or faculty to which the degree pertains. Each discipline has been assigned a different color by the Intercollegiate Code. The following is a list of colors assigned to several of the disciplines within The University of Alabama at Birmingham.

A few years ago some Ivy League colleges approved the wearing of gowns which were not black but the official school colors. This trend has expanded so that currently many colleges and universities have adopted special colored gowns. The members of The Board of Trustees of The University of Alabama system wear a green gown with gold trim at The University of Alabama at Birmingham academic ceremonies. Colored gowns worn by many faculty identify the doctoral degrees of many American and foreign universities.
THE CEREMONIAL ACADEMIC MACE

The ceremonial academic mace appeared in European universities during the fourteenth century and represented the amalgamation of two much older staff-like devices of similar length and shape. These were the regal scepter and the medieval battle mace. Kings throughout history have carried scepters as insignia of the lawful authority of just rulers. The battle mace was first used by medieval princes as an effective hand weapon in combat.

In the fourteenth century, the royal scepter and the battle mace were combined to produce the ceremonial academic mace. It was carried before royalty, mayors of cities, and chief officers of the medieval universities.

In modern times, the mace is used on ceremonial occasions in the life of the university. In commencement exercises, the mace specifically indicates the authority of the university president to award degrees. The mace immediately precedes the presidential party in the ceremonial procession. For the Friday evening ceremony, the mace is carried by James B. McClintock, Ph.D., Endowed University Professor of Polar and Marine Biology in the Department of Biology in the College of Arts and Sciences, the recipient of the 2018 SCAR Medal for Education and Communication from the Scientific Committee on Antarctic Research, as well as the recipient of the 2018 Dean’s Award for Excellence in Mentorship. For the Saturday ceremony, the mace is carried by Heather McPherson, Ph.D., the recipient of the 2018 Caroline P. and Charles W. Ireland Prize for Scholarly Distinction. Dr. McPherson is a professor in the Department of Art and Art History in the UAB College of Arts and Sciences.

The UAB mace is fashioned in three metals: brass, bronze, and stainless steel. The use of these metals—especially the stainless steel—is intended to signify Birmingham’s traditional role as an iron and steel producing center.

At the lower end of the mace are three medallions of enamel on copper. One medallion bears the image of the lamp of knowledge. Another bears the traditional symbol of the physician, the Caduceus (Aesculapius, Greco-Roman god of medicine, was embodied at the temple of Kos as a statue holding a serpent, a symbol of long life, healing, and knowledge. A staff and a second serpent were added later to form the Caduceus). The third medallion is the UAB logo in gold on a green enamel background with a red enamel glow on the collar to symbolize the molten metal characteristic of old Birmingham and its blast furnaces.

The UAB mace and its holder were commissioned, designed, and executed in 1989 by the noted Alabama sculptor, Cordray Parker, with the help of Heidi J. Bowman on the enameled medallions. The mace was made possible through the generosity of the late Samuel B. Barker, Ph.D., and his late wife, Justine. Dr. Barker, distinguished professor emeritus and dean emeritus of UAB, was the first dean of the UAB Graduate School and a leading patron of the arts in Birmingham.
THE ACADEMIC GONFALONS

The academic gonfalons, or banners, are carried in the procession by honor students from each school who lead their fellow students to their seats in the arena. The gonfalons feature the UAB logo, the university seal and the name of the schools in white on a background of black, in keeping with the traditional black academic gowns worn by students and faculty. Each gonfalon also features a border of the school’s academic color, which is repeated across the entire back of the banner. The exception is the UAB gonfalon, which features white letters on a green background, bordered and backed in gold, denoting UAB’s official colors.

THE UAB PRESIDENT’S MEDAL

The UAB President’s Medal is designed to recognize individuals who have attained scholarly distinction and/or have rendered distinguished service to UAB. Recipients are selected by the President of UAB upon the advice and recommendation of senior university officials. Selection as the recipient of this medal is one of the highest honors bestowed by UAB.

The award is comprised of an antique brass medallion and plaque, suitably inscribed, mounted in a cherry stand. The UAB President’s Medal is awarded at a commencement ceremony.

UAB NATIONAL ALUMNI SOCIETY
DISTINGUISHED ALUMNUS AWARD

The UAB National Alumni Society Distinguished Alumnus Award recognizes and honors a graduate of UAB who has made significant contributions to the Society and whose accomplishments and career have brought great credit to The University of Alabama at Birmingham. The honoree must hold an earned degree or certificate from UAB, be a member in good standing of the UAB National Alumni Society, and have demonstrated a continuing interest in UAB.

The recipient for the award is selected by the Board of Directors of the UAB National Alumni Society based on recommendations and nominations from the UAB administration, members of the National Alumni Society, and other groups associated with UAB.

Dear UAB Graduate,

Today, the hard work and dedication you have put into earning a degree culminates as you cross the stage and join the growing network of UAB alumni. On behalf of the UAB National Alumni Society, I would like to applaud you for this milestone.

As a graduate of this outstanding university, you join more than 120,000 others worldwide that are able to call the University of Alabama at Birmingham their alma mater. As you join this tremendous network of alumni, know that you have been equipped with an education that is globally recognized and is one that can give you a great sense of pride.

In recognition of your commencement ceremony, the National Alumni Society Board of Directors has the honor of presenting you with a UAB lapel pin to wear with pride.

Do not let your relationship with UAB end today. I encourage you to stay connected with this fantastic university as you continue your journey.

- Download UABNow and stay on top of UAB news and events.
- Follow us through our social media channels.
- Join a UAB National Alumni Society chapter.
- Return to campus and continue to attend scholastic and sporting events.

One of the most important things to do as an alumnus is to stay connected. I invite you to stay involved and take advantage of what the University and the National Alumni Society provides. To learn more about the UAB National Alumni Society, please contact our office at 205-934-3555 or visit us online.

Welcome to the alumni family, I look forward to seeing where your journey goes next.

Go Blazers,

Mike Rowe

CANDIDATES FOR DEGREES

HONORS DESIGNATIONS

The University of Alabama at Birmingham awards degrees with special designations to students who have achieved meritorious scholastic standing. Honor designations for undergraduates are based on grades reported prior to the completion of spring semester and may not reflect all earned honors. The designations are as follows:

<table>
<thead>
<tr>
<th>Designation</th>
<th>Grade Point Average (A=4.00)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summa Cum Laude</td>
<td>3.90 - 4.00</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>3.70 - 3.89</td>
</tr>
<tr>
<td>Cum Laude</td>
<td>3.50 - 3.69</td>
</tr>
</tbody>
</table>

An undergraduate student graduating with Summa, Magna, or Cum Laude honors is also accorded the privilege of wearing a gold honors cord.

The UAB Honors College brings together high-achieving intellectually curious students from all majors to form a close-knit community of emerging scholars. Honors students may follow a personalized curriculum or specialize in experiential learning (ELSP), global and community leadership (GCL), science and technology (STH), or interdisciplinary arts and sciences (UHP). Honor students are recognized with “distinguished honors” for earning 18 hours of honors credit and “high distinguished honors” for 30 or more hours of honors credits. Students completing honors requirements wear a white cord and a UAB Honors College medallion.

School of Dentistry – The “With Honors” designation indicates at least a B average, completion of an approved plan of study and research, and completion of a relevant thesis.

Schools of Medicine and Optometry – Honors are given to those in the upper ten percent of their class based on overall grade point average. The designation Magna Cum Laude and Summa Cum Laude are not routinely awarded. Any graduate receiving such a designation is outstanding in ability and performance.

Veterans who have served in the United States Armed Forces wear a red, white and blue cord.

ACADEMIC

This is a list of candidates for August 2018 graduation unless otherwise noted, prepared before final grades were reported, and inclusion therein does not constitute evidence of graduation.

and
Saturday, December 15, 2018
Bartow Arena
Birmingham, Alabama
TO OUR GUESTS

Welcome to the Fall 2018 Commencement of The University of Alabama at Birmingham. The pageantry of today’s ceremony is the culmination and recognition of years of study, preparation, and achievement of our 73rd class of graduates. We hope you find the ceremony both meaningful and memorable, as it reflects the combined efforts of the faculty, the staff, and, of course, our students and their families.

Commencement begins with the traditional academic procession. The graduates are led into the Bartow Arena by marshals who are faculty members in their respective college and schools. The faculty, headed by a distinguished group of emeriti professors, follow in order of academic rank and seniority. The last group to enter is the platform party led by the UAB Academic Mace (see page 11). For the Friday evening ceremony, the mace is carried by Yogesh K. Vohra, Ph.D., Professor, University Scholar, and Associate Dean in the Department of Physics in the College of Arts and Sciences. He was recently awarded a graduate training grant from the U.S. Department of Education entitled “Doctoral Fellowship in Interdisciplinary Materials Science Program at The University of Alabama at Birmingham.” Dr. Vohra has an extensive record in obtaining support for research, graduate fellowships, and undergraduate research experiences. For the Saturday ceremony, the mace is carried by Michael E. Sloane, Ph.D., the recipient of the 2018 Ellen Gregg Ingalls/UAB National Alumni Society Award for Lifetime Achievement in Teaching. Dr. Sloane is an Associate Professor in the Department of Psychology in the UAB College of Arts and Sciences. The Commencement Marshal, Gregg M. Janowski, Ph.D., follows the UAB Academic Mace. Next are Ray L. Watts, M.D., President of The University of Alabama at Birmingham, members of The Board of Trustees of The University of Alabama System, and representatives from The University of Alabama System’s Office. Other persons in the platform party include distinguished guests, as well as UAB senior administration and deans.

The audience is asked to stand as the procession enters the arena and to remain standing through the singing of the National Anthem.

President Watts closes the ceremony after all degrees have been awarded and the UAB Alma Mater has been sung. The audience is asked to stand and to remain standing for the recessional of the platform party. Family and friends are asked to meet the new alumni on the concourse or outside of Bartow Arena; they will not be allowed on the arena floor.

Commencement is a festive time for all of our honorees and their guests. Please refrain from loud celebration of your graduate since it detracts from the recognition of the following new alumni. Your cooperation is appreciated.

THE UNIVERSITY OF ALABAMA AT BIRMINGHAM

Since its inception in 1969, the University of Alabama at Birmingham (UAB) has earned international renown for its innovative academic programs, groundbreaking research and scholarship, and leading-edge patient care. In 2018, UAB was named the top young university in the United States, and in the top 10 worldwide, in the Times Higher Education World University Rankings, Young University Rankings. The university also received a Higher Education Excellence in Diversity award from INSIGHT Into Diversity magazine in 2018.

UAB received $527 million annually in research grants and awards from November 2017 through October 2018, surpassing $500 million for the first time. UAB ranks in the top 10 among all public universities in funding from the National Institutes of Health.

With 23,000 employees, UAB is the largest single-site employer in the state of Alabama with an annual state economic impact of more than $7.1 billion. Due to its growing and increasingly residential campus in the heart of a vibrant and diverse community, the university offers unparalleled opportunities for teaching, research, scholarship, and service. The campus consists of more than 150 buildings spread over 100 city blocks within walking distance of downtown Birmingham.

UAB offers undergraduates opportunities to participate in closely mentored research through such innovative academic programs as the Undergraduate Neuroscience Program and majors in Public Health and Biomedical Sciences. A new bachelor's degree program in Bioinformatics and a new master's program in Data Science began in fall 2018, and a new master's program in Engineering Management has been approved to begin in spring 2019.

The UAB Honors College provides enhanced experiential learning opportunities to more than 2,000 high-ability undergraduates. In the 2019 U.S. News & World Report “Best Graduate Schools” rankings, UAB has 13 programs in the top 25, including a master's in health administration program that ranks second in the nation.

UAB is home to the largest hospital in Alabama and one of the largest public hospitals in the United States, with more than 1 million patient visits annually. UAB also houses the state's only level 1 adult trauma center and the only National Cancer Institute-designated Comprehensive Cancer Center in Alabama and a five-state region. The Comprehensive Transplant Institute, which has performed the second most kidney transplants in the history of medicine, is currently conducting the longest-ever kidney transplant chain at a single site.

UAB continues to attract the best and brightest students from Alabama, the nation, and around the world. UAB's international students, faculty, staff, and visiting scholars represent more than 100 countries. In fall 2018, the university experienced its third straight year of record enrollment, with 21,923 total students enrolled and a freshman class that had an average ACT of 25.2 and a GPA of 3.73.
The UAB Alma Mater was composed by Birmingham native David McNeely in 2003. A competition was held, and a committee comprising UAB faculty, administrators, students, and alumni selected it from numerous submissions. The Alma Mater expresses the unifying sentiments of pride, respect, and cherished memories for the university.

Here in Alabama, a place of rich diversity, stands our Alma-

Ma-ter. We cherish her inte-grity. May each loyal son and daughter wear

proudly the colors green and gold. Praise to thee our U. A. B. Her honor we up-

hold. Yearning minds of age and youth live and love her noble truth.

Moving ahead with blazing speed 'twards knowledge to em-

pow'r, in the heart of Birmingham our U. A. B. stands proud.
THE ACADEMIC COSTUME

The custom of wearing academic caps, gowns, and hoods can be traced to the twelfth century. At that time both men and women wore long, full, flowing robes. This mode of dress gradually changed so that by the end of the seventeenth century only legal and official personages wore gowns. However, certain guilds and universities established the tradition of wearing prescribed apparel. In the universities, the details of the dress distinguished different degrees of learning and the faculty. In the United States, as a result of our English heritage, caps and gowns have been used from colonial times, especially at our older universities such as Columbia (King’s College), New York University, University of Pennsylvania, Bryn Mawr, Yale, and others. Around 1885 there was a widespread student movement to wear caps and gowns at commencement. The faculties approved this dignified graduation dress and soon adopted the custom of wearing gowns at academic ceremonies.

In 1895, the Intercollegiate Commission presented American institutions of higher learning the Intercollegiate Code. This code regulated the design of gowns and hoods as well as the colors and materials to be used. The code was subsequently adopted by more than 95 percent of U.S. colleges and universities. It has given America an impressive but simple method of signifying scholastic honors.

The code provides for three types of gowns. The gown for the bachelor’s degree is made of green material and has long pointed sleeves. The gown for the master’s degree is made with an oblong sleeve open at the wrist. The rear part of this oblong shape is square cut and the front part has an arc cut away. The gown for the doctor’s degree has bell-shaped sleeves. It is faced with velvet and has three bars of velvet on each sleeve. The color of the velvet trim may be black or the same color as the velvet which edges the gown.

The green oxford or mortarboard-style cap is worn for all degrees, but only the doctor’s cap may be made of velvet and have a gold tassel.

The hood is the most important and distinctive feature of the American code. An understanding of the system makes it possible to distinguish readily bachelor’s, master’s, and doctor’s hoods and to recognize the university which gave the degree. The doctor’s hood is four feet in length and made with a wide panel. The master’s and bachelor’s hoods are three and one-half and three feet in length, respectively. They are made of black cloth and are lined with silk in the official academic colors of the institution which conferred the degree. The hoods worn by graduates of The University of Alabama at Birmingham are lined in green silk with a gold chevron. The trim of all hoods is velvets, two inches, three inches, and five inches wide for bachelor’s, master’s, and doctor’s degrees, respectively. The color of the velvet trim indicates the discipline or faculty to which the degree pertains. Each discipline has been assigned a different color by the Intercollegiate Code. The following is a list of colors assigned to several of the disciplines within The University of Alabama at Birmingham.

A few years ago some Ivy League colleges approved the wearing of gowns which were not black but the official school colors. This trend has expanded so that currently many colleges and universities have adopted special colored gowns. The members of The Board of Trustees of The University of Alabama system wear a green gown with gold trim at The University of Alabama at Birmingham academic ceremonies. Colored gowns worn by many faculty identify the doctoral degrees of many American and foreign universities.
THE CEREMONIAL ACADEMIC MACE

The ceremonial academic mace appeared in European universities during the fourteenth century and represented the amalgamation of two much older staff-like devices of similar length and shape. These were the regal scepter and the medieval battle mace. Kings throughout history have carried scepters as insignia of the lawful authority of just rulers. The battle mace was first used by medieval princes as an effective hand weapon in combat.

In the fourteenth century, the royal scepter and the battle mace were combined to produce the ceremonial academic mace. It was carried before royalty, mayors of cities, and chief officers of the medieval universities.

In modern times, the mace is used on ceremonial occasions in the life of the university. In commencement exercises, the mace specifically indicates the authority of the university president to award degrees. The mace immediately precedes the presidential party in the ceremonial procession. For the Friday evening ceremony, the mace is carried by Yogesh K. Vohra, Ph.D., Professor, University Scholar, and Associate Dean in the Department of Physics in the College of Arts and Sciences. He was recently awarded a graduate training grant from the U.S. Department of Education entitled “Doctoral Fellowship in Interdisciplinary Materials Science Program at The University of Alabama at Birmingham.” Dr. Vohra has an extensive record in obtaining support for research, graduate fellowships, and undergraduate research experiences. For the Saturday ceremony, the mace is carried by Michael E. Sloane, Ph.D., the recipient of the 2018 Ellen Gregg Ingalls/UAB National Alumni Society Award for Lifetime Achievement in Teaching. Dr. Sloane is an Associate Professor in the Department of Psychology in the UAB College of Arts and Sciences.

The UAB mace is fashioned in three metals: brass, bronze, and stainless steel. The use of these metals—especially the stainless steel—is intended to signify Birmingham’s traditional role as an iron and steel producing center.

At the lower end of the mace are three medallions of enamel on copper. One medallion bears the image of the lamp of knowledge. Another bears the traditional symbol of the physician, the Caduceus (Aesculapius, Greco-Roman god of medicine, was embodied at the temple of Kos as a statue holding a serpent, a symbol of long life, healing, and knowledge. A staff and a second serpent were added later to form the Caduceus). The third medallion is the UAB logo in gold on a green enamel background with a red enamel glow on the collar to symbolize the molten metal characteristic of old Birmingham and its blast furnaces.

The UAB mace and its holder were commissioned, designed, and executed in 1989 by the noted Alabama sculptor, Cordray Parker, with the help of Heidi J. Bowman on the enameled medallions. The mace was made possible through the generosity of the late Samuel B. Barker, Ph.D., and his late wife, Justine. Dr. Barker, distinguished professor emeritus and dean emeritus of UAB, was the first dean of the UAB Graduate School and a leading patron of the arts in Birmingham.
THE ACADEMIC GONFALONS

The academic gonfalons, or banners, are carried in the procession by honor students from each school who lead their fellow students to their seats in the arena. The gonfalons feature the UAB logo, the university seal and the name of the schools in white on a background of black, in keeping with the traditional black academic gowns worn by students and faculty. Each gonfalon also features a border of the school’s academic color, which is repeated across the entire back of the banner. The exception is the UAB gonfalon, which features white letters on a green background, bordered and backed in gold, denoting UAB’s official colors.

THE UAB PRESIDENT’S MEDAL

The UAB President’s Medal is designed to recognize individuals who have attained scholarly distinction and/or have rendered distinguished service to UAB. Recipients are selected by the President of UAB upon the advice and recommendation of senior university officials. Selection as the recipient of this medal is one of the highest honors bestowed by UAB.

The award is comprised of an antique brass medallion and plaque, suitably inscribed, mounted in a cherry stand. The UAB President’s Medal is awarded at a commencement ceremony.

Dear UAB Graduate,

Congratulations! After years of hard work and dedication, you have achieved a tremendous milestone. On behalf of the UAB National Alumni Society Board of Directors, it is with pleasure that I welcome you to the alumni family. You are now one of more than 130,000 UAB alumni worldwide.

The National Alumni Society would like to present you with a UAB lapel pin in recognition of your graduation and accomplishments. Wear it with pride as a representative of this extraordinary University.

Our mission is to help alumni engage with one another and the University, so that you can maintain a relationship with your Alma Mater and fellow alumni. I encourage you to participate in the programs and events we organize to stay an engaged and active alumnus, such as:

- Social engagement opportunities
- Sporting events
- Career networking
- Award recognition

Also, I encourage you to stay connected through social media — Facebook (@uabalumni), Twitter (@uabalumni) and Instagram (@uab_alumni).

Welcome to the alumni family! I look forward to meeting you at future alumni events.

Go Blazers,

Nancy Fouad Carey
President, UAB National Alumni Society
CANDIDATES FOR DEGREES

HONORS DESIGNATIONS

The University of Alabama at Birmingham awards degrees with special designations to students who have achieved meritorious scholastic standing. Honor designations for undergraduates are based on grades reported prior to the completion of spring semester and may not reflect all earned honors. The designations are as follows:

<table>
<thead>
<tr>
<th>Designation</th>
<th>Grade Point Average (A=4.00)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summa Cum Laude</td>
<td>3.90 - 4.00</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>3.70 - 3.89</td>
</tr>
<tr>
<td>Cum Laude</td>
<td>3.50 - 3.69</td>
</tr>
</tbody>
</table>

An undergraduate student graduating with Summa, Magna, or Cum Laude honors is also accorded the privilege of wearing a gold honors cord.

The UAB Honors College brings together high-achieving intellectually curious students from all majors to form a close-knit community of emerging scholars. Honors students may follow a personalized curriculum or specialize in experiential learning (ELSP), global and community leadership (GCL), science and technology (STH), or interdisciplinary arts and sciences (UHP). Honor students are recognized with “distinguished honors” for earning 18 hours of honors credit and “high distinguished honors” for 30 or more hours of honors credits. Students completing honors requirements wear a white cord and a UAB Honors College medallion.

School of Dentistry – The “With Honors” designation indicates at least a B average, completion of an approved plan of study and research, and completion of a relevant thesis.

Schools of Medicine and Optometry – Honors are given to those in the upper ten percent of their class based on overall grade point average. The designation Magna Cum Laude and Summa Cum Laude are not routinely awarded. Any graduate receiving such a designation is outstanding in ability and performance.

Veterans who have served in the United States Armed Forces wear a red, white and blue cord.

ACADEMIC

This is a list of candidates for December 2018 graduation unless otherwise noted, prepared before final grades were reported, and inclusion therein does not constitute evidence of graduation.

Commencement

FRIDAY, APRIL 26, 2019
AND
SATURDAY, APRIL 27, 2019
BARTOW ARENA
BIRMINGHAM, ALABAMA
TO OUR GUESTS

Welcome to the Spring 2019 Commencement of The University of Alabama at Birmingham. The pageantry of today’s ceremony is the culmination and recognition of years of study, preparation, and achievement of our 74th class of graduates. We hope you find the ceremony both meaningful and memorable, as it reflects the combined efforts of the faculty, the staff, and, of course, our students and their families.

Commencement begins with the traditional academic procession. The graduates are led into the Bartow Arena by marshals who are faculty members in their respective college and schools. The faculty, headed by a distinguished group of emeriti professors, follow in order of academic rank and seniority. The last group to enter is the platform party led by the UAB Academic Mace (see page 12). For the Friday evening ceremony, the mace is carried by J. Michael Wyss, Ph.D., professor in the Department of Cell, Developmental and Integrative Biology. Dr. Wyss has served as Faculty Senate chair for two non-consecutive terms as well as the interim ombudsman. He has provided outstanding leadership for many years of the federally funded Community Outreach and Development (CORD) program, a summer educational program for high school and junior college students. For the Saturday morning ceremony, the mace is carried by Mona N. Fouad, M.D., the 2018 Distinguished Faculty Lecturer. Dr. Fouad serves as professor and director of the Division of Preventative Medicine, founding director of UAB’s Minority Health and Health Disparities Research Center, and senior associate dean for Diversity and Inclusion for the UAB School of Medicine. For the Saturday afternoon ceremony, the mace is carried by James L. “Jamey” Worrell, Ph.D., UAB’s Faculty Senate Chair and Faculty Representative to The Board of Trustees of The University of Alabama. Dr. Worrell serves as associate professor in the Department of Accounting and Finance in the Collat School of Business. The Commencement Marshal, Gregg M. Janowski, Ph.D., follows the UAB Academic Mace. Next are Ray L. Watts, M.D., President of The University of Alabama at Birmingham, members of The Board of Trustees of The University of Alabama System, and representatives from The University of Alabama System’s Office. Other persons in the platform party include distinguished guests, as well as UAB senior administration and deans.

The audience is asked to stand as the procession enters the arena and to remain standing through the singing of the National Anthem.

President Watts closes the ceremony after all degrees have been awarded and the UAB Alma Mater has been sung. The audience is asked to stand and to remain standing for the recessional of the platform party. Family and friends are asked to meet the new alumni on the concourse or outside of Bartow Arena; they will not be allowed on the arena floor.

Commencement is a festive time for all of our honorees and their guests. Please refrain from loud celebration of your graduate since it detracts from the recognition of the following new alumni. Your cooperation is appreciated.

THE UNIVERSITY OF ALABAMA AT BIRMINGHAM

Since its inception in 1969, the University of Alabama at Birmingham (UAB) has earned international renown for its innovative academic programs, groundbreaking research and scholarship, and leading-edge patient care. In 2018, UAB was named the top young university in the United States, and in the top 10 worldwide, in the Times Higher Education World University Rankings, Young University Rankings. The university also received a Higher Education Excellence in Diversity award from INSIGHT Into Diversity magazine in 2018.

UAB received $527 million annually in research grants and awards from November 2017 through October 2018, surpassing $500 million for the first time. UAB ranks in the top 10 among all public universities in funding from the National Institutes of Health.

With 23,000 employees, UAB is the largest single-site employer in the state of Alabama with an annual state economic impact of more than $7.1 billion. Due to its growing and increasingly residential campus in the heart of a vibrant and diverse community, the university offers unparalleled opportunities for teaching, research, scholarship, and service. The campus consists of more than 150 buildings spread over 100 city blocks within walking distance of downtown Birmingham.

UAB offers undergraduates opportunities to participate in closely mentored research through such innovative academic programs as the Undergraduate Neuroscience Program and majors in Public Health and Biomedical Sciences. A new bachelor's degree program in Bioinformatics and a new master's program in Data Science began in fall 2018, and a new master's program in Engineering Management in spring 2019.

The UAB Honors College provides enhanced experiential learning opportunities to more than 2,000 high-ability undergraduates. In the 2020 U.S. News & World Report “Best Graduate Schools” rankings, UAB has 14 programs in the top 25, including a master’s in health administration program that ranks first in the nation.

UAB is home to the largest hospital in Alabama and one of the largest public hospitals in the United States, with more than 1 million patient visits annually. UAB also houses the state’s only level 1 adult trauma center and the only National Cancer Institute-designated Comprehensive Cancer Center in Alabama and a five-state region. The Comprehensive Transplant Institute, which has performed the second most kidney transplants in the history of medicine, is currently conducting the longest-ever kidney transplant chain at a single site.

UAB continues to attract the best and brightest students from Alabama, the nation, and around the world. UAB’s international students, faculty, staff, and visiting scholars represent more than 100 countries. In fall 2018, the university experienced its third straight year of record enrollment, with 21,923 total students enrolled and a freshman class that had an average ACT of 25.2 and a GPA of 3.73.
UAB ALMA MATER

The UAB Alma Mater was composed by Birmingham native David McNeeley in 2003. A competition was held, and a committee comprising UAB faculty, administrators, students, and alumni selected it from numerous submissions. The Alma Mater expresses the unifying sentiments of pride, respect, and cherished memories for the university.

Here in Alabama, a place of rich diversity, stands our Alma-

Ma - ter. We cherish her in - te - gri - ty. May each loyal son and daughter wear

proudly the colors green and gold. Praise to thee our U. A. B. Her hon - or we up -

THE ACADEMIC COSTUME

The custom of wearing academic caps, gowns, and hoods can be traced to the twelfth century. At that time both men and women wore long, full, flowing robes. This mode of dress gradually changed so that by the end of the seventeenth century only legal and official personages wore gowns. However, certain guilds and universities established the tradition of wearing prescribed apparel. In the universities, the details of the dress distinguished different degrees of learning and the faculty. In the United States, as a result of our English heritage, caps and gowns have been used from colonial times, especially at our older universities such as Columbia (King’s College), New York University, University of Pennsylvania, Bryn Mawr, Yale, and others. Around 1885 there was a widespread student movement to wear caps and gowns at commencement. The faculties approved this dignified graduation dress and soon adopted the custom of wearing gowns at academic ceremonies.

In 1895, the Intercollegiate Commission presented American institutions of higher learning the Intercollegiate Code. This code regulated the design of gowns and hoods as well as the colors and materials to be used. The code was subsequently adopted by more than 95 percent of U.S. colleges and universities. It has given America an impressive but simple method of signifying scholastic honors.

The code provides for three types of gowns. The gown for the bachelor’s degree is made of green material and has long pointed sleeves. The gown for the master’s degree is made with an oblong sleeve open at the wrist. The rear part of this oblong shape is square cut and the front part has an arc cut away. The gown for the doctor’s degree has bell-shaped sleeves. It is faced with velvet and has three bars of velvet on each sleeve. The color of the velvet trim may be black or the same color as the velvet which edges the gown.

The green Oxford or mortarboard-style cap is worn for all degrees, but only the doctor’s cap may be made of velvet and have a gold tassel.

The hood is the most important and distinctive feature of the American code. An understanding of the system makes it possible to distinguish readily bachelor’s, master’s, and doctor’s hoods and to recognize the university which gave the degree. The doctor’s hood is four feet in length and made with a wide panel. The master’s and bachelor’s hoods are three and one-half and three feet in length, respectively. They are made of black cloth and are lined with silk in the official academic colors of the institution which conferred the degree. The hoods worn by graduates of The University of Alabama at Birmingham are lined in green silk with a gold chevron. The trim of all hoods is velvet, two inches, three inches, and five inches wide for bachelor’s, master’s, and doctor’s degrees, respectively. The color of the velvet trim indicates the discipline or faculty to which the degree pertains. Each discipline has been assigned a different color by the Intercollegiate Code. The following is a list of colors assigned to several of the disciplines within The University of Alabama at Birmingham.

A few years ago some Ivy League colleges approved the wearing of gowns which were not black but the official school colors. This trend has expanded so that currently many colleges and universities have adopted special colored gowns. The members of The Board of Trustees of The University of Alabama system wear a green gown with gold trim at The University of Alabama at Birmingham academic ceremonies. Colored gowns worn by many faculty identify the doctoral degrees of many American and foreign universities.
THE CEREMONIAL ACADEMIC MACE

The ceremonial academic mace appeared in European universities during the fourteenth century and represented the amalgamation of two much older scepter-like devices of similar length and shape. These were the regal scepter and the medieval battle mace. Kings throughout history have carried scepters as insignia of the lawful authority of just rulers. The battle mace was first used by medieval princes as an effective hand weapon in combat.

In the fourteenth century, the royal scepter and the battle mace were combined to produce the ceremonial academic mace. It was carried before royalty, mayors of cities, and chief officers of the medieval universities.

In modern times, the mace is used on ceremonial occasions in the life of the university. In commencement exercises, the mace specifically indicates the authority of the university president to award degrees. The mace immediately precedes the presidential party in the ceremonial procession. For the Friday evening ceremony, the mace is carried by J. Michael Wyss, Ph.D., professor in the Department of Cell, Developmental and Integrative Biology. Dr. Wyss has served as Faculty Senate chair for two non-consecutive terms as well as the interim ombudsman. He has provided outstanding leadership for many years of the federally funded Community Outreach and Development (CORD) program, a summer educational program for high school and junior college students. For the Saturday morning ceremony, the mace is carried by Mona N. Fouad, M.D., the 2018 Distinguished Faculty Lecturer. Dr. Fouad serves as professor and director of the Division of Preventative Medicine, founding director of UAB's Minority Health and Health Disparities Research Center, and senior associate dean for Diversity and Inclusion for the UAB School of Medicine. For the Saturday afternoon ceremony, the mace is carried by James L. “Jamey” Worrell, Ph.D., UAB's Faculty Senate Chair and Faculty Representative to the Board of Trustees of the University of Alabama. Dr. Worrell serves as associate professor in the Department of Accounting and Finance in the Collat School of Business.

The UAB mace is fashioned in three metals: brass, bronze, and stainless steel. The use of these metals—especially the stainless steel—is intended to signify Birmingham’s traditional role as an iron and steel producing center.

At the lower end of the mace are three medallions of enamel on copper. One medallion bears the image of the lamp of knowledge. Another bears the traditional symbol of the physician, the Caduceus (Aesculapius, Greco-Roman god of medicine, was embodied at the temple of Kos as a statue holding a serpent, a symbol of long life, healing, and knowledge. A staff and a second serpent were added later to form the Caduceus). The third medallion is the UAB logo in gold on a green enamel background with a red enamel glow on the collar to symbolize the molten metal characteristic of old Birmingham and its blast furnaces.

The UAB mace and its holder were commissioned, designed, and executed in 1989 by the noted Alabama sculptor, Cordray Parker, with the help of Heidi J. Bowman on the enameled medallions. The mace was made possible through the generosity of the late Samuel B. Barker, Ph.D., and his late wife, Justine. Dr. Barker, distinguished professor emeritus and dean emeritus of UAB, was the first dean of the UAB Graduate School and a leading patron of the arts in Birmingham.
THE ACADEMIC GONFALONS

The academic gonfalons, or banners, are carried in the procession by honor students from each school who lead their fellow students to their seats in the arena. The gonfalons feature the UAB logo, the university seal and the name of the schools in white on a background of black, in keeping with the traditional black academic gowns worn by students and faculty. Each gonfalon also features a border of the school’s academic color, which is repeated across the entire back of the banner. The exception is the UAB gonfalon, which features white letters on a green background, bordered and backed in gold, denoting UAB’s official colors.

THE UAB PRESIDENT’S MEDAL

The UAB President’s Medal is designed to recognize individuals who have attained scholarly distinction and/or have rendered distinguished service to UAB. Recipients are selected by the President of UAB upon the advice and recommendation of senior university officials. Selection as the recipient of this medal is one of the highest honors bestowed by UAB.

The award is comprised of an antique brass medallion and plaque, suitably inscribed, mounted in a cherry stand. The UAB President’s Medal is awarded at a commencement ceremony.

UAB NATIONAL ALUMNI SOCIETY
DISTINGUISHED ALUMNUS AWARD

The UAB National Alumni Society Distinguished Alumnus Award recognizes and honors a graduate of UAB who has made significant contributions to the Society and whose accomplishments and career have brought great credit to The University of Alabama at Birmingham. The honoree must hold an earned degree or certificate from UAB, be a member in good standing of the UAB National Alumni Society, and have demonstrated a continuing interest in UAB.

The recipient for the award is selected by the Board of Directors of the UAB National Alumni Society based on recommendations and nominations from the UAB administration, members of the National Alumni Society, and other groups associated with UAB.

Dear UAB Graduate,

Congratulations! After years of hard work and dedication, you have achieved a tremendous milestone. On behalf of the UAB National Alumni Society Board of Directors, it is with pleasure that I welcome you to the alumni family. You are now one of more than 130,000 UAB alumni worldwide.

The National Alumni Society would like to present you with a UAB lapel pin in recognition of your graduation and accomplishments. Wear it with pride as a representative of this extraordinary University.

Our mission is to help alumni engage with one another and the University, so that you can maintain a relationship with your Alma Mater and fellow alumni. I encourage you to participate in the programs and events we organize to stay an engaged and active alumnus, such as:

- Social engagement opportunities
- Sporting events
- Career networking
- Award recognition

Also, I encourage you to stay connected through social media – Facebook (@uabalumni), Twitter (@uabalumni) and Instagram (@uab_alumni).

Welcome to the alumni family! I look forward to meeting you at future alumni events.

Go Blazers,

Nancy Fouad Carey
President, UAB National Alumni Society
CANDIDATES FOR DEGREES

HONORS DESIGNATIONS

The University of Alabama at Birmingham awards degrees with special designations to students who have achieved meritorious scholastic standing. Honor designations for undergraduates are based on grades reported prior to the completion of spring semester and may not reflect all earned honors. The designations are as follows:

<table>
<thead>
<tr>
<th>Designation</th>
<th>Grade Point Average (A=4.00)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summa Cum Laude</td>
<td>3.90 - 4.00</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>3.70 - 3.89</td>
</tr>
<tr>
<td>Cum Laude</td>
<td>3.50 - 3.69</td>
</tr>
</tbody>
</table>

An undergraduate student graduating with Summa, Magna, or Cum Laude honors is also accorded the privilege of wearing a gold honors cord.

The UAB Honors College brings together high-achieving intellectually curious students from all majors to form a close-knit community of emerging scholars. Honors students may follow a personalized curriculum or specialize in experiential learning (ELSP), global and community leadership (GCL), science and technology (STH), or interdisciplinary arts and sciences (UHP). Honor students are recognized with “distinguished honors” for earning 18 hours of honors credit and “high distinguished honors” for 30 or more hours of honors credits. Students completing honors requirements wear a white cord and a UAB Honors College medallion.

School of Dentistry – The “With Honors” designation indicates at least a B average, completion of an approved plan of study and research, and completion of a relevant thesis.

Schools of Medicine and Optometry – Honors are given to those in the upper ten percent of their class based on overall grade point average. The designation Magna Cum Laude and Summa Cum Laude are not routinely awarded. Any graduate receiving such a designation is outstanding in ability and performance.

Veterans who have served in the United States Armed Forces wear a red, white and blue cord.

ACADEMIC

This is a list of candidates for April 2019 graduation unless otherwise noted, prepared before final grades were reported, and inclusion therein does not constitute evidence of graduation.

NATIONAL ANTHEM
“The Star Spangled Banner”
Oh say, can you see, by the dawn’s early light
What so proudly we hailed at the twilight’s last gleaming?
Whose broad stripes and bright stars through the perilous fight,
O’er the ramparts we watched, were so gallantly streaming?
And the rockets’ red glare, the bombs bursting in air
Gave proof through the night that our flag was still there.
Oh, say, does that Star-Spangled Banner yet wave
O’er the land of the free and the home of the brave?

Francis Scott Key

ALMA MATER
Hail to thee proud UAH in loyalty we stand.
We give thee thanks for happy days beneath your guiding hand.
Often we will praise thy name as in the world we go.
We lift our voice our songs to sing all praise to UAH!

Arranged by C. David Ragsdale, Ph.D.

SIGN LANGUAGE
The interpreter will be positioned on the left of the stage.

PROGRAM
The commencement program is a roster of candidates, not an official
list of graduates. Appropriate degrees and honors will be awarded to candidates
who successfully complete all requirements by established deadlines. The posting
of the earned degree on the official university transcript is the institution’s affirmation
of possession of the degree. Honors indicated in the program are based on grades
for semesters completed prior to the last semester. Actual honors
for all completed work will be subsequently calculated and will
appear on the official transcript and diploma.

N. JAN DAVIS, PH.D., P.E.

Program Manager for Bastion Technologies, Inc.

After growing up in Huntsville, Alabama, Dr. Jan Davis graduated from Georgia Tech with a BS Applied Biology in Biomechanics and from Auburn University with a BSME. She also earned MS and Ph.D. degrees in Mechanical Engineering from The University of Alabama in Huntsville (UAH).

Dr. Davis began her National Aeronautics and Space Administration's (NASA) career at Marshall Space Flight Center (MSFC) as an aerospace engineer. After supporting major NASA programs and projects, including the Hubble Space Telescope and the Chandra X-ray Observatory, she became a team lead and lead engineer for the redesign of the Space Shuttle Solid Rocket Booster External Tank attach ring after the Challenger accident. In 1987, Dr. Davis was selected to join the Astronaut corps at the Johnson Space Center in Houston, Texas. She spent more than 670 hours in space as a mission specialist over the course of her three Space Shuttle flights: STS-47 (1992), STS-60 (1994), and STS-85 (1997). During these flights, she orbited the Earth 325 times. In 1998, she became the Director of the Human Exploration and Development of Space Independent Assurance Office for NASA Headquarters. Dr. Davis returned to MSFC and served as the Director of the Flight Projects Directorate at the Marshall Center until August 2003. Prior to retiring from NASA in 2005, Dr. Davis was the Director of Safety and Mission Assurance at MSFC leading up to the successful Return to Flight of the Space Shuttle in 2005.

She is currently the Program Manager for the Bastion Technologies, Inc. contract for Safety and Mission Assurance at the NASA MSFC in Huntsville, Alabama. Prior to that, she was Vice President and Deputy General Manager for Jacobs' engineering, scientific, and technical support contract at MSFC.

Dr. Davis was elected to the Alabama Aviation Hall of Fame and the Alabama Engineering Hall of Fame. In 2002, she was given the Presidential Rank of Meritorious Executive, and she has received NASA’s Exceptional Service Medal, Space Medal, and Outstanding Leadership Medal. In 2012, she received Auburn University’s Lifetime Achievement Award and in May 2013, she received the Christine Richard Girl Scouts Lifetime Achievement Award. She is a UAH Alumni of Achievement awardee, an Auburn Distinguished Engineer, and a member of the Georgia Tech Engineering Hall of Fame. In addition, she is a Fellow of the American Society of Mechanical Engineers and a Fellow of the American Institute of Aeronautics and Astronautics.

She has served on numerous non-profit boards and panels, and currently serves on the board of the United States Association of Space Explorers, and was nominated by Mayor Tommy Battle to serve on the board of the Huntsville Iceplex. In her spare time, she and her Labrador retriever mix dog are Therapy Partners in the community, and they serve with the Partners Achieving Literacy (PAL) program at Whitesburg Elementary School in Huntsville. One of her favorite things to do is to encourage and inspire young people to enter technical fields, especially young women.

THE UNIVERSITY MACE

The ceremonial mace of The University of Alabama in Huntsville was commissioned for the school’s first commencement in 1973 and incorporates materials that represent Huntsville’s history from pioneer times to the Space Age.

The shaft of the mace is fashioned of native chittamwood (Cotinus obovatus) harvested on Huntsville’s Monte Sano mountain. It also contains a section of a cedar log recovered from the 1823 Huntsville City water system, thought to be the oldest public water system west of the Appalachians.

Topping the three-foot-long mace is a glass display created at NASA’s George C. Marshall Space Flight Center. It is backed with velvet in the official blue of both the university and NASA. Housed within it are materials that were processed during NASA’s Skylab Missions and that represent the then new field of space-based materials technology.

The mace includes a section of a spacecraft nose cone that was a gift to UAH from the U.S. Army’s Redstone Arsenal. This nose cone was subjected to an ablative process that led to the development of protective heat shields for spacecraft.

Another feature of the mace is a ceramic ring in white, the university’s second color. It displays the school’s 1950 founding date and the 1969 date when UAH became an autonomous campus as a member of The University of Alabama System.

ACADEMIC REGALIA

American universities adhere to the official Academic Costume Code adopted in 1895. It describes the styles of gowns, hoods, and faculty colors that symbolize the wearer's academic discipline and rank. Bachelor’s gowns are the most simple, featuring a pleated yoke and front fabric panels. Master’s degree gowns are distinguished by unusual sleeves, each of which has a long rectangular piece of cloth on the backside that dangles to the wearer’s knees. Doctors wear the most elaborate of all academic gowns, as befits their status at the highest level of scholarship. Fuller and more flowing than master’s or bachelor’s gowns, doctors’ gowns have distinctive billowy, bell-shaped sleeves, front facings of velvet, and three bars of velvet across the sleeves.

FACULTY COLORS

The colors used to symbolize areas of study are referred to as “faculty colors” and trace their history to the Middle Ages when color and costume conveyed to the mostly illiterate populace visual messages about rank and occupation. Colors are displayed on doctor’s gowns, edging of hoods, and tassels on caps.

HOODS

Hoods are lined with the official school colors to indicate where the wearers earned their degrees. Hood bindings or edgings are of velveteen and indicate field of study using faculty colors.

MORTARBOARDS AND TAMS

The origin of the mortarboard is subject to speculation, but some suspect the guild and apprentice systems of the Middle Ages. Then, during the construction of Europe's great cathedrals, master workers would mix mortar on similarly shaped boards. Hence, the mortarboard came to be associated with someone who had mastered the knowledge and skills necessary for his trade. Today, Ph.D.s often choose a soft velvet tam instead of the traditional mortarboard.

TASSELS

Colored threads have been part of academic costume since 1340 at Oxford, where students were compelled to adhere to strict rules of dress and maintain their everyday hoods by mending them with the color of thread representing their faculties. The use of colored threads to indicate field of study survives in the colored tassels suspended from graduates' mortarboards. Doctoral tassels are shorter and made of metallic or gold-colored threads.

GRADIMAGES
The Commencement Committee has arranged to have GradImages at the ceremony to take high-quality photographs of each candidate as he/she receives the diploma. Proofs will be sent to you within seven days after Commencement. There is no obligation to purchase the finished prints. Ordered prints will be delivered within thirty days of the deadline printed on order card. GradImages is the only photographer authorized by UAH to send photographs to the graduates.

NATIONAL ANTHEM

"The Star Spangled Banner"
Oh say, can you see, by the dawn's early light
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air
Gave proof through the night that our flag was still there.
Oh, say, does that Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave?

Francis Scott Key

ALMA MATER

Hail to thee proud UAH in loyalty we stand.
We give thee thanks for happy days beneath your guiding hand.
Often we will praise thy name as in the world we go.
We lift our voice our songs to sing all praise to UAH!

Arranged by C. David Ragsdale, Ph.D.

SIGN LANGUAGE

The interpreter will be positioned on the left of the stage.

PROGRAM

The commencement program is a roster of candidates, not an official
list of graduates. Appropriate degrees and honors will be awarded to candidates
who successfully complete all requirements by established deadlines. The posting
of the earned degree on the official university transcript is the institution's affirmation
of possession of the degree. Honors indicated in the program are based on grades
for semesters completed prior to the last semester. Actual honors
for all completed work will be subsequently calculated and will
appear on the official transcript and diploma.

THE HONORABLE THOMAS “TOMMY” M. BATTLE, JR.
Mayor of the City of Huntsville
10 A.M. SPEAKER

Now in his third term, Mayor Tommy Battle is dedicated to creating jobs and diversifying Huntsville’s economic base. Through his leadership, the Mayor has assembled a coalition of regional leaders committed to recruiting industry, workforce development and high quality education. As a result, Huntsville leads the state in new jobs and economic investment.

The Mayor’s goal is to make the best possible use of Huntsville’s collective brainpower to ensure that the City becomes a global leader in innovation, research and development. GEO, Cyber, Energy and Biotech initiatives work to unite the City’s rich intellectual capital with new opportunities.

Mayor Battle believes Huntsville’s continued success is a result of its ability to think strategically for the long-term. He directed the City’s planning department to enjoin the community in a comprehensive master plan that will shape the city’s future for decades to come. The BIG Picture is tackling planning and quality of life decisions regarding neighborhood revitalization, urban redevelopment, recreation, transportation, design standards, and code and zoning changes.

The Mayor works for smart, measured growth with an infrastructure that allows citizens to maintain a high quality of life. When state and federal transportation budgets were cut, Battle negotiated an unprecedented $250 million, five-year, cost-sharing road package with the State to ensure Huntsville would build the critical roads it needs to move traffic.

A champion of teamwork, Battle strives to work collaboratively with leadership and citizens. Through the Mayor’s fiscally conservative leadership, the City has maintained a balanced budget and earned triple-A credit ratings from two leading rating agencies every year since 2009. Triple-A credit is a distinction held by a small percentage of municipalities in the U.S. As a result, Huntsville is in an enviable position of stability and growth that has earned it global attention.

Born in Birmingham in 1955, Mayor Battle moved to Huntsville in 1980 after receiving a business degree from The University of Alabama. Four years later, he was elected to the Huntsville City Council, where he served as Finance Chair. He has enjoyed a successful career as an entrepreneur and businessman, along with nearly 30 years of community service.

The Mayor is married to the former Eula Sammons, a retired kindergarten teacher. They have one son, Drew, daughter-in-law, Lauren, and grandsons, George and Benjamin.
DALE STRONG
Chairman, Madison County Commission
2:30 P.M. SPEAKER

Dale W. Strong was elected Chairman of the Madison County Commission in November 2012, and re-elected to a second term in November 2016. Born at Medical Center Hospital in Huntsville, Alabama, Dale has lived in Madison County all his life. His wife, the former Laura Toney of Madison, has a Bachelor of Science in Nursing from Auburn University. She is also a graduate from the University of Alabama in Birmingham with a Bachelor of Science in Hospital Administration, and Alabama A & M University with a master's in education. Chairman Strong and his wife have one daughter, Whitney Louise Strong, and one son, Harrison Dale Strong. Chairman Strong is the son of the late Horace N. Strong, III and Judy Vaughn Strong. Dale is a member of Mt. Zion Baptist Church.

Dale graduated from Sparkman High School in May 1988. In 1992, he earned a Bachelor of Science in Business Administration from Athens State College. He also attended the University of Alabama in Huntsville and the University of Alabama in Birmingham where he received a license as an Emergency Medical Technician. In 1996, Dale was the youngest elected commissioner in the State of Alabama when he began his first of four consecutive terms as the District 4 Commissioner. Dale was awarded with the Distinguished Alumnus Award in 2017 by the Athens State University Alumni Association, and the Heart of an Eagle Award in 2016 by the Boy Scouts of America.

Before Dale set his sights on being Commissioner of Madison County, he worked for First Alabama Bank in Public Relations and Solvay Pharmaceutical as a Sales Representative. He has also served as a 911 Dispatcher and worked with Huntsville Emergency Medical Services, Inc. (HEMSI) and Huntsville Med-Flight. Dale continues to serve as an active member of the Monrovia Volunteer Fire Department, as a volunteer firefighter and an EMT. His commitment to the service of others and his community was recognized when he was awarded the Medal of Valor following the devastating tornado on Airport Road in Huntsville in November 1989.

As Madison County Commission Chairman, Mr. Strong's priorities continue to be public safety, accountability and equality.

COLLEGE OF NURSING
Doctor of Nursing Practice

Amber Adams
DNP Project: “The Implementation of a Cultural Change Toolkit to Mitigate Nurse Turnover, Reduce Nursing Burnout and Promote a Positive Practice Environment”
Advisor: Dr. Angela Hollingsworth

Ifejola Ade-Ayeni
DNP Project: “Bridging the Gap: Implementing the Nurse Practitioner Role in Nigeria to Help Solve Health Care Provider Shortages”
Advisor: Dr. Brenda Talley

Anna Marie Benton
DNP Project: “Health Outcomes of Adults with Diabetes Mellitus Type 2 in a Self-Management Education Group within a Rural Primary Practice Clinic”
Advisor: Dr. Louise O’Keefe

Nila M. Black
DNP Project: “Implementation of a Nicotine Assessment Tool to COPD Patients in an Observation Unit”
Advisor: Dr. Louise O’Keefe

Jay Michelle Bland
DNP Project: “Evidence-Based Practice Enrichment for Nurse Leaders”
Advisor: Dr. Kristen Herrin

Erica Chanise Bolar
DNP Project: “Outcomes Associated with a Dyspnea Clinical Pathway on Acute Care Transfers and Disenrollments in Home Hospice Patients”
Advisor: Dr. Pamela O’Neal

Amber Dawn Cook
DNP Project: “Implementing an Educational Initiative to Support Nurses’ Understanding of Symptomology, Assessment Practices and Treatment Modalities Regarding Delirium”
Advisor: Dr. Rita Ferguson

Tennille Chante Curtis
DNP Project: “Implementation of StairWELL Challenge Among Registered Nurses”
Advisor: Dr. Rita Ferguson

Carlye Alexis Hatwood
DNP Project: “Cybersecurity Best Practices for Management of Protected Health Information in Research Environments”
Advisor: Dr. Susan Alexander

Lucinda R. Hill
DNP Project: “Implementing an Evidence Based Anaphylaxis Program to School Nurses for Use in School Staff Education”
Advisor: Dr. Kristen Herrin

Christy Ann Jeffcoat
DNP Project: “Implementation of a Risk Factor Screening Tool for Early Detection of Postpartum Depression in the Prenatal Setting”
Advisor: Dr. Kristen Herrin

Tracy M. Lakin
DNP Project: “Reducing Thirty-Day Readmission Rates for Patients with Nonvalvular Atrial Fibrillation: A Pilot Project”
Advisor: Dr. Brenda Talley

Elizabeth Lynn Mackessy-Lloyd
DNP Project: “Enhancing the Teaching Experiences of Adjunct Nursing Faculty in an Associate Degree Program through a Focused Online Mentoring Intervention”
Advisor: Dr. Karen Frith

JoAnne Mullins
DNP Project: “Stroke 30-day Risk of Mortality: Improving Hospital Quality Measures”
Advisor: Dr. Karen Frith

Wanda Kay Potthier
DNP Project: “Enhancing Treatment of Corneal Abrasions through Provider Education: A Performance Improvement Project”
Advisor: Dr. Louise O’Keefe

Catherine Claire Razzi
DNP Project: “Implementing a Cognitive Rehearsal Program to Combat Nursing Incivility”
Advisor: Dr. Ann Bianchi

Ayana Denise Red
DNP Project: “Implementation of an Evidenced Based Oral Care Protocol to Improve the Delivery of Mouth Care in Nursing Home Residents”
Advisor: Dr. Pamela O’Neal

COLLEGE OF SCIENCE

THE UNIVERSITY MACE

The ceremonial mace of The University of Alabama in Huntsville was commissioned for the school's first commencement in 1973 and incorporates materials that represent Huntsville's history from pioneer times to the Space Age.

The shaft of the mace is fashioned of native chittamwood (Cotinus obovatus) harvested on Huntsville's Monte Sano mountain. It also contains a section of a cedar log recovered from the 1823 Huntsville City water system, thought to be the oldest public water system west of the Appalachians.

Topping the three-foot-long mace is a glass display created at NASA's George C. Marshall Space Flight Center. It is backed with velvet in the official blue of both the university and NASA. Housed within it are materials that were processed during NASA's Skylab Missions and that represent the then new field of space-based materials technology.

The mace includes a section of a spacecraft nose cone that was a gift to UAH from the U.S. Army's Redstone Arsenal. This nose cone was subjected to an ablative process that led to the development of protective heat shields for spacecraft.

Another feature of the mace is a ceramic ring in white, the university's second color. It displays the school's 1950 founding date and the 1969 date when UAH became an autonomous campus as a member of The University of Alabama System.

ACADEMIC REGALIA

American universities adhere to the official Academic Costume Code adopted in 1895. It describes the styles of gowns, hoods, and faculty colors that symbolize the wearer's academic discipline and rank. Bachelor's gowns are the most simple, featuring a pleated yoke and front fabric panels. Master's degree gowns are distinguished by unusual sleeves, each of which has a long rectangular piece of cloth on the backside that dangles to the wearer's knees. Doctors wear the most elaborate of all academic gowns, as befits their status at the highest level of scholarship. Fuller and more flowing than master's or bachelor's gowns, doctors' gowns have distinctive billow, bell-shaped sleeves, front facings of velvet, and three bars of velvet across the sleeves.

FACULTY COLORS

The colors used to symbolize areas of study are referred to as "faculty colors" and trace their history to the Middle Ages when color and costume conveyed to the mostly illiterate populace visual messages about rank and occupation. Colors are displayed on doctor's gowns, edging of hoods, and tassels on caps.

HOODS
Hoods are lined with the official school colors to indicate where the wearers earned their degrees. Hood bindings or edgings are of velveteen and indicate field of study using faculty colors.

MORTARBOARDS AND TAMS
The origin of the mortarboard is subject to speculation, but some suspect the guild and apprentice systems of the Middle Ages. Then, during the construction of Europe's great cathedrals, master workers would mix mortar on similarly shaped boards. Hence, the mortarboard came to be associated with someone who had mastered the knowledge and skills necessary for his trade. Today, Ph.D.s often choose a soft velvet tam instead of the traditional mortarboard.

TASSELS
Colored threads have been part of academic costume since 1340 at Oxford, where students were compelled to adhere to strict rules of dress and maintain their everyday hoods by mending them with the color of thread representing their faculties. The use of colored threads to indicate field of study survives in the colored tassels suspended from graduates' mortarboards. Doctoral tassels are shorter and made of metallic or gold-colored threads.

MEET YOUR GRADUATE
for a reception in the VBC'S East Hall immediately after the ceremony

GRADIMAGES

The Commencement Committee has arranged to have Gradimages at the ceremony to take high-quality photographs of each candidate as he/she receives the diploma. Proofs will be sent to you within seven days after Commencement. There is no obligation to purchase the finished prints. Ordered prints will be delivered within thirty days of the deadline printed on order card. Gradimages is the only photographer authorized by UAH to send photographs to the graduates.
